

STEP IT
UP 
NOV. 3

NOV. 3, 2007
NATIONAL DAY OF CLIMATE ACTION

WHO'S A LEADER?

On November 3rd, Americans will demand leadership on global warming. From coast to coast, we'll rally in our communities and invite our politicians to join us. We'll see who rises to the occasion and who has a real plan to tackle the defining challenge of our time. One year before the election, let's make sure the world witnesses our national call to action – **Step It Up: It's Time For Climate Leaders!**
